Material Safety Data Sheet

SOFT CLEANER (RXSOL-41-8647-025)

1. Product and Company Identifaction

Product Name	SOFT CLEANER
Product Type	**RXSOL-41-8647-025**

Company Details:
RX MARINE INTERNATIONAL
105, A wing , BSEL , TECH PARK.
VASHI ,NEW BOMBAY 400703 INDIA

Phone	+91 22 65113333/ 5555 / 9999 / 27611360 / 27815540
Fax	+91 22 2781 1318 :::AOH :0091 9322594669
Email	mail@rxmarine.com

2. Composition / informationon ingredients

Watery solution of alkylesters and fatty alkylpolyglycolethers.

3. Hazards Identification

Health risks: exposure to the product does not involve any particular health risks.

Frequent contact can irritate the eyes and skin. Prolonged inhalation of the vapours can irritate the respiratory system and induce a dazed feeling.

Swallowing can cause abdominal pain and nausea.

Environmental risks: -

4. First Aid Measures

Skin contact: remove and wash all clothes contaminated by the product. Wash the skin with plenty of water and neutral soap If the irritation persists, seek medical advice. Eye contact: wash eyes with plenty of water. If the irritation persists, seek medical advice.

Fwallowing: do not induce vomiting. Seek medical advice.

Never force an unconscious person to drink.

5. Fire-fighting Measures

5.1 Suitable extinguishing products: chemical powders, alcohol-resistant foams, carbon dioxide, nebulised water (use water to cool containers exposed to fire).

5.2 Extinguishing products not to be used - for safety reasons:

5.3 Possible exposure risks - deriving from combustion products:

5.4 Special protective equipment wear protective fireproof clothing, including breathing. for fire extinguishing personnel: apparatus.

6. Accidental Release Measures

6.1 Individual precautions: wear suitable clothing and protective waterproof gloves. In poorly ventilated environments, adequately protect the respiratory system.

6.2 Environmental precautions: keep the product well away from refuse dumps, surface and underground water and the soil

6.3 Cleaning methods: absorb the leak with inert materials (sand, earth, vermiculite, etc.) and mechanically collect in suitable containers. Dispose of the waste in accordance with the law. Wash the contaminated area with water.

6.4 Other precautions: avoid contact with strong oxidising agents, acids and bases.

7. Handling and Storage

7.1 Handling: Adopt all routine precautions for the handling of chemicals. When using the product, keep well away from foodstuffs and items for consumption. Avoid repeated and prolonged exposure.

7.2 Storage: the product must be kept in the original closed containers, in a cool ventilated place, protected from sunlight, at a temperature not below 0°C and not exceeding 50°C.

8. Exposure controls and personal protection

8.1 Respiratory protection: for occasional use, employ in adequately ventilated environments. If not, wear a mask with filter for organic vapours.

8.2 Hand protection: use protective waterproof gloves.

8.3 Eye protection: use protective goggles.

8.4 Skin protection: use protective clothing.

8.5 Specific hygiene precautions: wash your hands at the end of work. Keep work clothes in a separate place. Do not smoke or eat during use.

9. Physical and chemical properties

Appearance	colourless liquid
Smell	soapy
pH	6-8
Boiling point	approx. 100°C
Autoinflammability	above 400°C
Flash point	not flammable
Comburent properties	data not available
Vapour pressure	data not available
Relative density approx.	1 g/ml (25°C)
Solubility	in water watery solution
Density of the vapours	data not available (air=1)

10. Stability and reactivity

10.1 Conditions to be avoided: the product is normally stable.

10.2 Substances to be avoided: the product is incompatible with strong oxidising agents, acids and bases.

10.3 Hazardous decomposition -

products:

11. Toxicological information

11.1 Inhalation: 11.1.1. symptoms: irritation of respiratory system.

11.2 Swallowing: 11.2.1. symptoms: irritation of mouth and throat, abdominal pain, headache, nausea, general weakness.

11.3 Skin contact: 11.3.1. symptoms: irritation of skin.

11.4.Eye contact: 11.4.1. symptoms: irritation of eyes.

12. Ecological information

Use in accordance with good working practice, avoiding dispersion of the product in the environment.

13. Disposal considerations

Dispose of in compliance with current local and national regulations (Decree Law of 5th February 1997 no.22 and subsequent amendments). Use of the product is subject to observance of the laws concerning hygiene and safety at work (Presidential Decree no. 203/88, Presidential Decree no. 303/56).

14. Transport information

The product should be transported in its original containers or, in any case, in closed containers in order to avoid leaks, made of material that cannot be attacked by the content and cannot form harmful or dangerous combinations wit the content. In general, for transport adhere to the regulations currently in force, the recommendations of the ONU, ADR (by road), RID (by rail), IMO (by sea) and IATA (by air). R

oad and rail transport (ADR/RID): not classified.

15. Regulatory information

15.1 Hazard labelling – Decree Law of 16th July 1998

The product contains: -

Hazard indications: -

Hazard warnings: -

Precautions: Keep out of the reach of children (S 2).

If swallowed, seek medical advice immediately and show this container or label (S 46).

16. Other information

16.1 Main sources used in drawing up the sheet: Sax, “Dangerous properties of industrial materials”, 8th edition Handbook of toxic and hazardous chemicals and carcinogens ECDIN The information contained in this sheet is based on the knowledge in our possession believed to be correct at the time of issue with regard to directions concerning safety and correct use of the product. The Manufacturer accepts no liability for any purchaser behaviour or action, incorrect, improper or not reasonably predictable uses of the product, non-authorised sale or lack of information to the end customers by retailers.
